

STRUCTURE PACKET — SASSY MCGRAW (SASSAFRAS ALOYSIUS MCGRAW)

Lore status: Extensive docs exist outside/alongside the 26-character index (assumption until steward promotes into index)

Public status: First to appear in public (steward)

Design status: design only — imagery **steward-supplied**; not auto-imported

HARD RULE FOR THIS PACKET

Do not ingest Slayverse/assets/lora_training/sassy_1024/ (or other LoRA test dumps) into design-locks, favorites, or genmedia refs. Steward declared that corpus messy / test-only and will personally select what belongs.

DESIGN-LOCK

Active design-lock: *unset — awaiting steward drop of clean plates*

Until set: **YOU SHALL NOT PASS** — no genmedia face work for this id from LoRA folders.

LORE POINTERS (DOCS ONLY — NOT IMAGE LOCKS)

- C:\runb2\VUORSE-VORTEX\Slayverse\json\sassafras_a_mcgraw_ultimate_origin.json
- C:\runb2\VUORSE-VORTEX\Slayverse\json\sassafrass_a_mcgraw_texas_hopper_tall_tale.json

VISUAL DNA (FROM CAPTION LANGUAGE / STEWARD LORE — PROVISIONAL)

- 1970s TV news anchor register (“First Lady of KDFW”)

- Farrah-era hair, brown suede vest, white mock turtleneck
- Gold chain, golden angel-wings brooch, gold hoops, red lipstick

Refine when steward delivers the chosen stills.

PROXIMITY

Pending steward. Strong public-first claim; near-lock only after clean plates land and steward says so.
