

STYLE LOCK — DESIGN DIALECT (NOT CANON)

YOU SHALL NOT PASS applies: see [YOU_SHALL_NOT_PASS.md](#). This file describes atmosphere dialects for design work. It does not crown faces.

SHARED DIALECTS (ASSUMPTION)

- 1 **Western prestige** — Powder River, fence line, fractured sky, Deakins/Crewdson photoreal, earth tones + cold fracture violet. Source pool: pitch-deck images (all style forks = costumes of this dialect).
- 2 **Velvet / Archive cabaret** — amber spot, sequin, fur, swan motif, mid-century glamour meeting occult archive. Source pool: Professor/Heda plates + velvet world stills.
- 3 **Swan-line matriarchal** — Lisette / swan imagery, editorial elegance, story-bearing stillness.

STEWARD FAVORITES (MOOD ANCHORS — NOT CHARACTER LOCKS)

File	Why
C:\runb2\VUORSE-VORTEX\Slayverse\images\the velvet balance.png	Favorite — balance / Archive presence
C:\runb2\VUORSE-VORTEX\Slayverse\images\thweavergold.jpg	Favorite — Weaver gold register
C:\runb2\VUORSE-VORTEX\Slayverse\images\swan lake.png	Favorite — aesthetic + story

Cite these when writing prompts for mood. Do not treat them as Jake/Weaver/Lisette design-locks unless steward designates.
