Counsel of Gandalf the Gray Eye

OPEN THREAD (THE QUESTION)

From canon/open_threads/open_threads.md — DJ Parallax [HOOK ONLY]:

- **Source:** [p.89]
- A time-displaced bard. How were they displaced? What era are they from?

CANON ANCHORS (THIN BUT LOAD-BEARING)

Holding	Path	Status	Notes
DJ Parallax character stub	canon/characters/characters.md	[HOOK ONLY]	Timeless (Club Cosmic); time-displaced bard; holographic corset; mentioned only in Club Cosmic scene
Club Cosmic	canon/places/places.md	[MODERATE]	Interdimensional drag cabaret, Andromeda fringe; underfloor ancient terminal for shard waveforms; sources [p.89, p.103]

Holding	Path	Status	Notes
Club Cosmic cabaret arc	canon/story_arcs/story_arcs.md (seeded in index/jsonl as p.89–90 vignette)	[SKETCHED] / Tier 3	Weaver spoken-word centerpiece; framework undeveloped
Swanblood (song)	canon/creative_works/creative_works.md	[HOOK ONLY]	Referenced at Club Cosmic [p.89]
Temporal diaspora / Lattice	canon/cosmology/cosmology.md	[FULL] / [LOCKED] pieces	Lattice Incident erased persons, scattered them across time; soul-line as displaced beings translating knowledge into art/ritual of the receiving era
Revelation tier	Book One Ch VI	canon	Club Cosmic + DJ Parallax = Third Tier / Expansion Realm — shadowed beyond Season 1 curtain
Index summary	canon/slayverse_index.json	canon	"Time-displaced bard in a holographic corset. DJ at Club Cosmic."
Prior forge	worldforge/rec on-2026-08-03/	prior run	Land map; B2 named as next walk

WHAT IS NOT KNOWN AT CUTOFF (CANON GAP)

- Origin century / city / birth name
- Exact displacement mechanism

- Whether Parallax is soul-line, Lattice refugee, both, or neither
- Whether they remember their origin
- Relation (if any) to Wyoming, Jake, or sealed Vorst doctrines

INFERENCE FLOOR (NOT YET SIMULATION)

- Club Cosmic music "keeps reality stitched" and costumes carry lattice-crystal resonance (inference from fuller Club Cosmic seed language in places/index lineage; abbreviated in current p l a c e s . m d)
- Diaspora cosmology already permits performers scattered into eras that can hold their resistance-as-art (canon — cosmology soul-line / diaspora sections)
- A "bard" who becomes a DJ is a translation of craft across registers (inference)
